Dear Sir:

Warm greetings from your children and their parents in the name of Christ our soon coming King.

We wish to express our thanks and appreciation for the love and care shown our children during academic 2006/2007. We say, may God richly bless all of you. We are grateful.

We would like to make reference to our letter to you dated May 2, 2007 in which we appeal to you for continue assistance to help our children remain in school. However, we were told that we would have to pay 3rd term ourselves and name some projects that could help us in the coming school year. This we did. But, due to the task of paying the 3rd term tuition and fees, we parents found it extremely difficult to come up with money to sew the clothes needed to start the clothes business. News for the commencement of the water project has not been heard. Please note that Principals of schools have threatened both the coordinators and parents that unless arrears are paid for 2nd term of 2006/2007 academic year, our children will not be allowed to sit in class.

It is in this light, that we are appealing to you for your intervention. These are your children and their education depends on you, our brothers and sisters. It is God that allowed them to cross your paths, that you can make a difference in their lives. It is our fervent prayer that God who touched your hearts and fill it with love for us will continue to work on our behalf. We also pray that the love that brought BUDU into existence continue to be kindled in all our hearts. We really need your help.

Yours sincerely,

David K. Woods

&

Louise M. Davies
