Dear Mr Wright,
Thanks so very much for all that you and your team are doing for our children.

Before I learn about Budo Liberian Refugee Children Project, my two children were out of school. It was God first and Auntie Mee and Uncle Aaron that took my son and put him in school, that was 2005. Now, my son is in school and is doing fine with his lessons.

I still don't have money to pay his fees but I have Jesus and he has fill your hearts with love and care to come to the aid of the poor and needy. May he help you raise the funds needed to pay our children fees and may he provide all your every needs.

Yours truly
